## Spark interest in learning!

Dear Parents and Students,

**BRICSMATH** is an International online math competition that brings together children from 7 countries. Since 2017, **five million students** have participated in this global event! This competition is supported by each participating country's Ministry of Education, CBSE Board, Niti-Aayog, and FICCI Arise.

The competition aspires to develop -

- 1 Logical Reasoning skills of students
- 2 Broadening students' minds
- 3 Helping them understand basic concepts that they can apply in real life.

The competition is completely FREE and accessible to every school student regardless of the school syllabus! There are no extra skills required by the child.

In all there are 3 rounds:

1. **Preparatory round** (January 17 - March 31, 2022)
2. **Trial Round** (October 2022)
3. **Main Round** (November 2022)

The preparatory round for Mathematics is started today and will end on 30th March 2022.

The preliminary schedule for **2022** is:

Jan - Mar	Logic-based maths preparatory round
Apr - May	Entrepreneurship
Jun - Jul	Algorithms & Coding
Jul - Aug	Sciences
Sep - Dec	Logic-based maths trial and main rounds.

### Instructions:

- Participants can select the desired date and time during the competition & according to students' preference.
- The results of one competition do not affect the outcome of others.
- It is not mandatory to complete all the subjects.
- For more information, kindly visit <http://bit.ly/brics-math-competition>

Rewards:

- All the participants will be rewarded with a certificate for their achievements in each competition, and teachers with appreciation letters.
- The student who participates in all of the competitions throughout the year and collects 4 winner's certificates will be acknowledged as one of the BRICSMATH grand winners!
- All runners-up who participate in every section of the event will receive certificates as BRICSMATH Grand Explorers.

Students who wish to register, can submit their names to their respective class teachers. Also, to be a part of this competition they would need to **self - register** themselves on the given link. <http://bit.ly/brics-math-competition>
