Date: 21/06/2022

**“Creativity is making marvelous out of the discarded.”**

Reuse, Recycle and Reinvent for a greener tomorrow !

With the growing increase in wastes in our society from households to industrial wastes, we now require a very innovative approach to get rid of them. Recycling and reusing the valuable waste material can result in development of fantastic and usable products. Rather than putting these waste materials into the landfills, various innovative and creative ideas can be put together to bring something new and useful. Everyday wastes such as plastic, glasses, newspapers or electronics are not only waste of limited resources but are also harmful to the environment. This event is to bring such ideas to students and to help them think of ways of reusing everyday materials that will not only reduce the waste but provide them with useful household products. Model making is an activity that involves conceptual as well as theoretical knowledge to make learning and retention more profound and strong.

We urge you to help your child design and create something new from waste and then replicate it in class. Students will be given one hour to complete the activity. Participation is mandatory.

The details are as follows;

Sr . N o.	Date	Name of the Event/s Competition	Activity	Grade	Topics	Judgment Criteria	Judges
1	29.06.2022	Paper Making Bag	Class Activity	I to V	Best out of Waste	• Creativity • Use of materials • Neatness • Overall presentation	Ms Kunjal N Ms. Trupti B
2	29.06.2022	Rangoli Making	House Activity	VI to VIII	Best out of Waste	• Creativity • Originality • Relevant to the theme	Ms. Jalpa K Ms. Shlok D
3	29.06.2022	Model Making	House Activity	IX to XII	Best out of Waste	• Good design & easy navigation will be the merit criteria. • Neatness • Overall presentation • Relevant to the theme .i.e (Green City )	Mr. Lakhan N Ms. Anjali P

**Note:-**

- The children will have to carry their own art and craft material.
- The child needs to bring waste material like old newspapers, buttons, threads, ice cream sticks etc. from home to create a Rangoli /Paper bag/Model Making of his / her choice.
- Ready-made, new things are not allowed.
- Participants will be judged on Creativity, Utilization of Resources, Artistic, composition & design, Eco-friendly rating, Utility of the Product and Overall Presentation.
- The most creative exhibits will be awarded with certificates.
