Childhood is a world of miracle, magic, color and expression.

Every child is an artist and almost all creativity comes from purposeful play. Keeping this in mind we at PPSCIS are going to conduct a Vegetable Printing Competition for Pre Primary students on 13th of July 2022, to bring out the hidden creativity of the children. Students have to bring different vegetables and have to use it creatively to make different imprints by using poster colors.

Note:

- ❖ The students have to bring vegetables (any), a newspaper (for keeping underneath while working) and a napkin to wipe hands after the competition.
- ❖ Watercolors and A4 size paper will be provided from the school for the competition.
- ❖ Students can compose a picture using vegetable prints. They can make a garden scene, a beach landscape, a house, or even people and animals.
- ❖ Parents need to prepare the child accordingly.
