Dear Students and Parents,

As the summer vacation approaches, we would like to remind all our students that learning never stops even during the holidays. Keeping that in mind, we have designed a summer homework program to help students stay on top of their studies and to continue developing their skills.

The summer homework assignments are tailored to each grade level and subject area. These assignments cover a range of topics, from reading and writing to math and science, and will challenge students to think critically and creatively.

We encourage all our students to dedicate a portion of their day in completing their summer homework while also taking time to enjoy their vacation with family and friends.

We also remind our students that completing the summer homework will not only help them academically but will also develop important time-management and organizational skills that will serve them well throughout their academic careers.

SUMMER HOLIDAY HOMEWORK, 2024-25

GRADE	HOLIDAY HOMEWORK
IX	<p><u>VISUALIZATION BOARD</u></p> <ul style="list-style-type: none">❖ Students have to create their visualization board to achieve their goals 5 years down the line.❖ Students have to take some time to reflect on their aspirations, interests, and areas for growth and then write the set of objectives to achieve a particular goal.❖ Your timeline visualization board can include milestones, deadlines, and checkpoints to keep you on track and motivated throughout the summer. Whether it's learning a new language, mastering a musical instrument, or starting a passion project, let your creativity shine as you design your roadmap to success!❖ This project will help students to see life with a whole new perspective and prepare them for the unknown.
