Date:30/04/2026

Dear Students and Parents,

As the summer vacation approaches, we would like to remind all our students that learning never stops even during the holidays. Keeping that in mind, we have designed a summer homework program to help students stay on top of their studies and to continue developing their skills.

The summer homework assignments are tailored to each grade level and subject area. These assignments cover a range of topics, from reading and writing to math and science, and will challenge students to think critically and creatively.

We understand that summer vacation is a time for relaxation and fun, but we also believe that keeping the brain engaged is important for academic success.

We encourage all our students to dedicate a portion of their day in completing their summer homework while also taking time to enjoy their vacation with family and friends.

We also remind our students that completing the summer homework will not only help them academically but will also develop important time-management and organizational skills that will serve them well throughout their academic careers.

SUMMER HOLIDAY HOMEWORK, 2026-27

GRADE	HOMEWORK
VI, VII & VIII	<p style="text-align: center;">Climate Change Data Analysis</p> <p>Task:</p> <ul style="list-style-type: none">● Collect temperature/rainfall data. (past any before 2000 vs present).● Compare trends of your favourite city.● Plot graphs.● Explain possible climate change impacts.● Mention resources.

X	

XI	
XII	

Note :

1. Holiday homework will be assessed for subject enrichment in Periodic Tests.
2. Do reading practice daily.
3. The assignment should be done in the Project Book. Write your name, grade and heading of each topic in the Project.
4. The assignment should be submitted on June 08, 2026 on the reopening day.

Regards
Principal
